

VIBE 375W ES CLEAR R125 INFRARED SHATTERPROOF COATING

VB9375SP

The VIBE 375W Infrared Heat Lamp is available in standard clear glass and also with a protective "shatterproof" coating (VB9275SP) which will contain the glass within the lamp and not allow it to spill out and contaminate food etc. The Infrared Heat Lamp provides a comfortable warmth and is ideal for use in bathrooms and also in "food warming" areas in cafes and restaurants. The reflector shape allows concentrated heat to be applied where it is needed. Includes a 5,000 hour lifespan.

Features & Benefits

- Manufactured with a standard clear glass and a protective "shatterproof" coating (VB9275SP)
- Used in bathrooms and food warming areas
- Reflector shape allows concentrated heat to be applied where needed
