

VIBE 375W ES CLEAR R125 INFRARED SHATTERPROOF COATING

VB9375SP

Durable and high-performance, our **NEW Tungsten filament lasts 40% longer**, saving you time and money while ensuring consistent warmth for your food.

Our upgraded 375W Shatterproof Heat Lamp is the ultimate solution for consistent and efficient radiant heat. Designed for long-lasting performance, its shatterproof coating adds extra safety, making it the ideal choice for tough industrial and commercial heating needs where durability is key.

Features & Benefits

- **NEW & IMPROVED!** Enhanced tungsten filament for extended lifespan (40% greater durability)
- **NEW & IMPROVED!** Upgraded secure copper base for better electrical conductivity, stability and food safety
- Provides reliable and efficient radiant heat, perfect for food warming areas in cafés and restaurants
- A protective “shatterproof” coating to contain the glass within the lamp if a break happens, stopping food contamination from broken glass
- Reflector shape allows concentrated heat to be applied where it is needed
- The compact design with an upgraded copper universal E27 base, compatible with any suitable equipment

VIBE 375W ES CLEAR R125 INFRARED SHATTERPROOF COATING

VB9375SP

Specifications

SKU	VB9375SP
EAN	9340994027357
Light Colour	Warm White
Wattage	375 W
Base Type	E27
Diameter	125 mm
Width	125 mm
Height	183 mm
Dimmable	Dimmable
Shatterproof	Shatterproof
Lamp Type	Heat Lamp
Input voltage	240 Volt AC 50HZ
Weatherproof	Indoor Use Only
Kelvin	2700K
