

1W SQUARE MINI LED WALL LIGHT 3K

VBL-C02-1-3K

Our C02 Recessed LED Step/Wall Light with a warm 3000K glow—an ultra-slim, sleek lighting solution that blends modern aesthetics with high functionality. Equipped with premium SMD LED chips, this fixture delivers consistent, efficient illumination and a refined light quality.

The frosted glass diffuser ensures smooth, even light distribution, enhancing visual appeal and ambiance. Designed to operate with a 350mA constant current driver (sold separately), this versatile light is ideal for both residential and commercial applications, adding a touch of elegance to any step or wall.
