

150W CONSTANT VOLTAGE DRIVER IP20 DALI DIM WITH F&P

VBLD-24V-150W-IP20DA

Ensure precise and flexible lighting control with our 24V 150W LED Constant Voltage Driver, featuring DALI dimming capabilities. Designed for efficiency and reliability, it provides stable 24V output with built-in overload and short circuit protection. Its compact design and low ripple ensure smooth operation, making it ideal for various LED lighting applications demanding high performance and longevity.

Features & Benefits

- DALI Dimmable
- Consistent 24V output
- Wide Input Range
- Overload & Short Circuit Protection
- Ensures optimal performance, longevity, and reliability
- Easy integration
- Stable, flicker-free illumination
- Meets safety and performance standards
- Ideal for LED strips and low-voltage systems
