

VBLSL-310-4-600W-40

POWER ADJUSTABLE LED TENNIS COURT LIGHT

Delivering up to 90,000 lumens, this high-performance LED Tennis Court Light provides powerful, uniform illumination for tennis courts and outdoor sporting applications. With adjustable 600W, 480W and 360W settings, output can be tailored to suit different court layouts, mounting heights and lighting requirements.

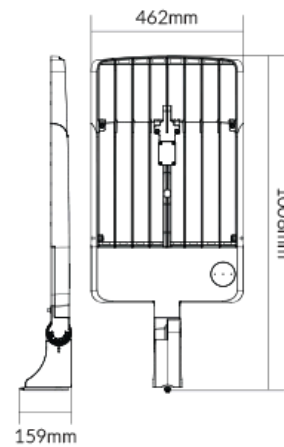

A precision-engineered asymmetrical beam provides even light distribution while minimising unwanted light spill. Each fitting is supplied with a rear-mounted glare shield, which can be installed to reduce light escaping from the back of the fitting. This is particularly beneficial where courts are located close to neighbouring properties, residential areas or main roads.

KEY FEATURES

- Power Adjustable – 600W/480W/360W
- Excellent heat dissipation design
- Even controlled light distribution
- Tailored asymmetrical beam angle
- Backlight, uplight & glare control
- Multiple mounting options available
- Corrosion resistant
- IP65 & IK08 rated
- 50,000 hour lifespan
- 5 year warranty

SPECIFICATIONS

SKU	VBLSL-310-4-600W-40
Power (W)	600/480/360
Efficacy (LM/W)	150
Lumens (LM)	90000
Kelvin	4000
Dimmable	Non-Dimmable
CRI	80
Beam Angle	TYPE III
IP Rating	65
IK Rating	08
Trim Colour	Black
Weatherproof	Weatherproof
Mounting Type	Pole
Length (MM)	1008
Width (MM)	462
Working Temp	-20-45
Lifespan (HRS)	50000
Warranty (YRS)	5

APPLICATION

ADDITIONAL INFORMATION

Pole Requirements: 4 units for a 4-pole tennis court or 6 units at reduced wattage for a 6-pole configuration.

Recommended pole spigot size: 60mm diameter
