VBLWL-300-PA-SERIES

LED Outdoor Bunker Light – 3CCT & Power Adjustable

The 300-PA Series is a robust and adaptable LED Bunker Light designed for performance and flexibility. Featuring four selectable power settings, it allows users to adjust the light output and energy consumption based on the specific needs of each installation. The 3CCT switch offers a choice between Warm White (3000K), CoolWhite (4000K) and Cool Daylight (5700K) – all in one fitting.

Built tough with a weatherproof and vandal-resistant design, the 300-PA Series is ideal for demanding environments. It comes with a black base and white face diffuser as standard, with an optional white trim available separately for added design versatility. Designed for reliable indoor and outdoor performance, with impact-resistant durability for high-traffic areas. Quick installation and a low-profile design ensure efficient fitting and seamless architectural integration.

KEY FEATURES

- Power Adjustable
- 3CCT Switchable - 3000K/4000K/5700K
- Toughened moulded plastic body
- Frostedv PC diffuser
- Equipped with SMD LED chips
- 120° wide light Beam Angle
- IP66 & IK10 rated
- 50,000 hour lifespanv
- 3 year warranty
