

LED EXTERIOR WALL LIGHT 12W 4000K BLACK

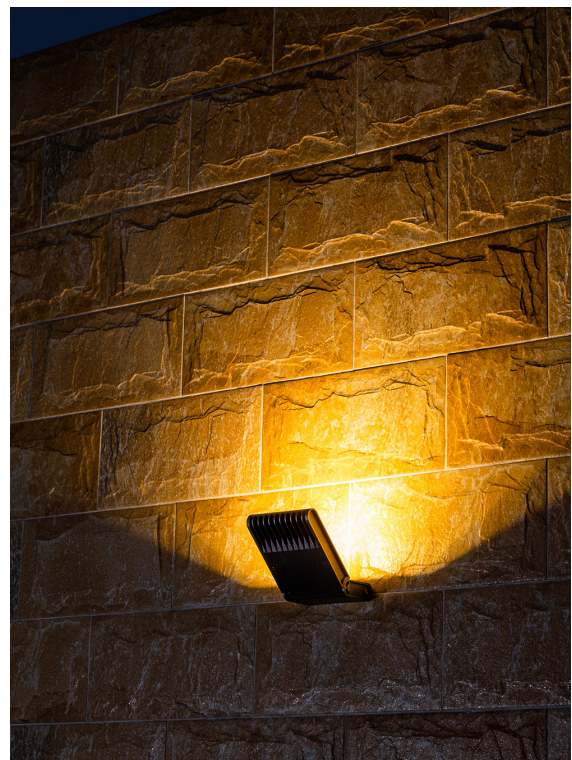

VBLWL-308-4-4K

Elevate your outdoor lighting with our premium exterior wall light, designed to withstand the elements with confidence. Featuring a waterproof silicone rubber gasket, it offers optimal protection against harsh weather conditions, ensuring long-lasting durability. The tempered glass diffuser enhances light dispersion for a seamless illumination experience. With sectional tilt adjustments, you can easily direct the light exactly where it's needed, providing flexibility and versatility in your outdoor lighting setup. Equipped with high-performance CREE COB LED chips, this light delivers exceptional brightness and efficiency, perfect for outdoor applications such as highlighting paths, walkways, and enhancing security. Crafted with precision from die-cast aluminum alloy, it ensures robustness and reliability, standing the test of time in any environment.
