

VBLWL-8005-SERIES

Surface Mounted LED Interior Wall Lights

The 8005 Series Surface Mounted LED Wall Light is a stylish and adaptable lighting solution for contemporary spaces. Featuring 2CCT switchable technology (3000K/4000K), it delivers 180 lumens with a CRI of 80, providing balanced and efficient lighting.

Designed for up or down installation, it creates attractive lighting effects to suit a range of applications. Available in White and Black, this Triac-dimmable wall light offers flexible brightness control and energy-efficient operation.

Its sleek, screw-free design provides a clean finish, while the anti-glare optic ensures even light distribution. Complete with a built-in driver for easy installation and enhanced thermal management for long-lasting reliability.

KEY FEATURES
