

15W LED SOLAR UFO WALL/POST LIGHT

VBSOLL015

Our all-in-one "UFO" architecturally stunning Street Light seamlessly blends aesthetics with functionality. Utilizing high-quality Bridgelux LEDs that emit 360° lighting and an impressive 150 lumens per watt - the UFO produces uniformly distributed light coverage across a wide area. The sleek satin natural aluminium body, treated with a clear coating, not only enhances its visual appeal but also provides resistance against corrosion, ensuring long-lasting performance. With no external switches, this lighting solution is perfect for public spaces - delivering consistent illumination throughout the night, low maintenance & a commercial warranty. The "UFO's" operation can be easily customized, offering options for continuous all-night lighting, motion activation through a passive infrared sensor (PIR), or a combination of both, all manageable via remote control. Custom brackets or powder coated poles can be manufactured on request. This adaptable design is well-suited for various outdoor settings, including parks, gardens, courtyards, playgrounds and decks.

Features & Benefits

- Premium coated satin natural aluminium finish
- 360° lighting pattern for illuminating larger areas
