

10W LED SOLAR WALL/POST LIGHT

VBSOLW003

Our LED Solar wall light with an integrated solar panel, offers a convenient lighting solution for various areas such as patios, staircases, decks, walkways, or any location (including marine environments) where traditional mains power is not readily available. Equipped with LED lenses that provide a broad light distribution pattern, this light ensures ample illumination. Its built-in sensor enables automatic operation from dusk to dawn, guaranteeing safety and visibility throughout the night. Constructed with a durable two-tone black and white thermoplastic polymer (ABS), this model is resistant to corrosion, warping, fading, or cracking. Its versatility allows for easy wall or post mounting.

Features & Benefits

- Automatic dusk to dawn lighting
- Two tone moulded ABS will not corrode, fade, crack or warp
- P.I.R (passive infrared sensor) operated
- Wall or post mounting brackets included
- Stylish and functional solar lighting
- Ideal for illuminating paths, decks or pool areas
- Decorative or safety / security lighting
- Wide light distribution pattern
- Integrated all-in-one design
- Suitable for marine environments
- 2.5-3m mounting height
- 2 year warranty for faulty workmanship or component

failure not influenced by external means
